"SIGNALS OF DISTRESS SIGNALS OF DISTRESS on a good many instances are not very presonneed at first. You may think that you have not much to complain of—a little leng energy than usual, perbline—a slight reason on the liness after only a moderate repast—an occasional sick head-a-whe—an unacommitable feeting of depression and an unusual readiness to be borred or to become irritated. You know that you are not quite well—not up to your normal standard of vigorous health—but you do not trouble much about it. Now this is not at all prudent. Nature is sending out her first "eignals of distress." She is giving you warning. She is bringing to your notice the fact that from some reason the somach is feeling the strain of life. Do not, therefore, neglect these early indications of dispetitive trouble. A somewhat mysterious affair occurred at Lusmagh last night, about five miles from Birria to the Banagher direction (writes our Birr Correspondent yesterday). From all that could be gathered on the spot to-day, it would seem that the house of a man living in the district was raided last night, for what object is not yet exactly knewn. The occupier, it is said, gave an alarm at a neighbour's house. Afterwards a man, whose name was said to be William Dolan, of Lavagh, Lusmagh, was found shot. The body when our representative was there was atill Jing on the roadssite, and there seemed to be some difficulty as to proper identification. Mr.

The latest step in the evolution of the perfect safety razor is adjustability.

"VALET"
Auto Strop
Safety Razor This razor has won the premier position in

the world's markets and in the Navy and Army as the only razor that "strops itself." To this unique feature is now added the advantage of instant adjustability. By a touch on the adjusting lug you can vary the distance between the blade and the guard with supreme precision and accuracy, adapting the setting according to the toughness of your beard or the tenderness of your skin.

A superkeen blade and the means of automatically stropping it—a well-finished razor frame which has no loose parts and can be cleaned by just a rinse and a wipe these features, combined with adjustability of the blade, produce the nearest possible approach to per-fection in the present "Valet" razor.

THE STANDARD SET consists of heavily silver-plated self-stropping "Valet" Safety Razor, twelve genuine "Valet" Blades, and "Valet strop: the whole in handsome case 21/-
